Michigan eLibrary
Supporting Michigan Libraries

Can't find something in our catalog? We can get it for you from a different Michigan library through MeLCat.

To order books from other libraries go to https://mel.org/welcome.

Search for any books you wish to check out.

Click the "Get this from MeLCat" button, and fill out the required information.

Once the order is placed, the book will be shipped to the Big Rapids Community Library and will take an average of two weeks to arrive.

We will notify you when your materials are at the library and ready to be picked up.

With any questions or concerns, please contact the library at 231-796-5234 or email librarian@bigrapidslibrary.org.
