

Wind sock

Items:

9"x12" construction paper

Strips of tissue paper (different colors)

Yarn

Crayons

Glue

Hole punch

Stapler or tape

Instructions:

- 1.) Color design on construction paper
- 2.) Glue strips of tissue paper on bottom of paper
- 3.) Roll paper into cylinder shape and tape together
- 4.) Punch hole in top of sock and thread yarn through holes--tie a knot
- 5.) Hang outside to see what direction the wind is blowing and how fast it is moving
